JITENDRA DEWANGAN

GENAI / AI ENGINEER | LLM | RAG | AGENTIC AI | PYTHON

Bengaluru, Karnataka | +91[redacted] | dewanganjitendra725@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

AI Engineer with hands-on experience in Python, Machine Learning, LangChain, Google Gemini API, FastAPI, SQL, REST APIs, and AI application development. Built LLM-powered and intelligent AI applications including a LangChain + Gemini chatbot and an AI nutrition assistant. Strong foundation in NLP, data preprocessing, model development, backend APIs, and computer vision, with active development of a Retrieval-Augmented Generation (RAG) knowledge assistant. Interested in scalable, secure, cloud-native GenAI systems and agentic workflows.

TECHNICAL SKILLS

Programming: Python, SQL, JavaScript, HTML, CSS
Generative AI: LLM Applications, Prompt Engineering, LangChain, Google Gemini API, OpenAI, Agentic AI, RAG, Embeddings, Vector Search
Machine Learning: Machine Learning, TensorFlow, Scikit-learn, Pandas, NumPy, Feature Engineering, Data Preprocessing, Model Evaluation
NLP & Computer Vision: NLP Fundamentals, Text Processing, OpenCV, Computer Vision, OCR
Backend & APIs: FastAPI, REST APIs, JSON
Databases: MySQL, PostgreSQL, MongoDB, Vector Database Concepts
Cloud & Tools: Git, GitHub, Docker (Basic), AWS (Basic), Power BI, Tableau

PROFESSIONAL EXPERIENCE

AI Engineering Intern | *Rubixe AI Solution* | *2026 - Present*

- Built machine learning workflows using Python, Pandas, NumPy, and Scikit-learn for real-world datasets.
- Performed exploratory data analysis, data preprocessing, and feature engineering to prepare datasets for machine learning.
- Applied AI and machine learning concepts to practical business problems and supported end-to-end model development workflows.
- Developed Power BI dashboards to communicate data-driven insights.
- Worked in an AI engineering environment with practical exposure to AI development, experimentation, and delivery.

SELECTED PROJECTS

Enterprise Knowledge AI Assistant - In Progress | *Python* | *LangChain* | *RAG* | *Embeddings* | *Vector Database* | *LLM* | *FastAPI*

- Building a RAG-based knowledge assistant for querying enterprise documents using document processing, embeddings, semantic retrieval, and LLM-based response generation.
- Developing a LangChain workflow to retrieve relevant context and generate grounded responses from uploaded documents.
- Implementing a FastAPI backend while exploring vector search, prompt engineering, source-aware responses, and retrieval evaluation.

Nutri Ninja 5.0 - AI Food Barcode Scanner (Link) | *OpenAI* | *FastAPI* | *OCR* | *Barcode Scanning* | *React Native* | *REST APIs*

- Built an AI-powered nutrition assistant with intelligent recommendations and barcode-based food identification.
- Integrated AI services, OCR/barcode processing, REST APIs, and a FastAPI backend into a practical AI product workflow.
- Developed the application with a product-oriented focus on turning food information into useful nutrition insights.

Agent ChatBot (Link) | *LangChain* | *Google Gemini API* | *Python* | *LLM*

- Built an LLM-powered chatbot using LangChain and the Google Gemini API.
- Designed a Python-based workflow connecting user prompts with an LLM for interactive AI responses.
- Applied prompt and conversation-flow concepts to create context-aware AI interactions.

Computer Vision MobileNet Transfer Learning (Link) | *Python* | *TensorFlow* | *Deep Learning* | *Computer Vision*

- Implemented transfer learning with MobileNet for a computer vision classification task.
- Applied deep learning workflow concepts including data preparation, model training, and evaluation.

EDUCATION

MCA: Atal Bihari Vajpayee University | July 2026
B.Sc. Mathematics: Atal Bihari Vajpayee University | April 2024

CERTIFICATIONS & TRAINING

- IBM Machine Learning 2025
- E&ICT Academy, IIT Kanpur 2025
- DataMites AI Engineer - In Progress
- IABAC Certified Data Scientist - In Progress

LEADERSHIP & ACHIEVEMENTS

- Team Leader - Smart India Hackathon 2025
- First Place - National Mathematics Day Speech Competition 2025
- Presented AI research paper at ABVV-AIMT Summer International Conference 2026
